

2021 Camp Application Announcement

Dear Camp Hope Families and Friends:

We are just a few weeks away from beginning the Camp Hope application process for the 2021 summer! After following all COVID-19 CDC, DCF and State of New Jersey guidelines last summer, we had a very successful, safe and fun camp program. We are looking forward to welcoming your family member back for another great summer of fun.

With the information we have at this time, it is anticipated that camps will open this summer with many of the same COVID-19 health and safety precautions as last summer. These precautions resulted in limited enrollment, limitations on transportation, increased staffing, PPE and mask usage for staff, mask usage for campers as tolerated, daily health and safety screens/checks, modified programming to ensure designated cohorts, staggered arrival and drop off times, and more.

As we anticipate much of the same COVID-19 protocols for this summer, we are planning for a reduced enrollment capacity, similar to last summer. Applications received will be time and date stamped and a wait list may be maintained for our busiest weeks once we hit 60 campers for any particular week. Similar to years past, campers who attended the previous summer will be given priority registration.

To assist with the application process, we have created a new online application. This online application will help ease the application process for both families and the camp staff. Applications will be available on our Camp Hope website on February 1, 2021: www.arccamphope.com.

Please note the following application dates:

- February 1, 2021 – Applications accepted for campers who attended in 2019 or 2020.
- February 15, 2021 – Applications for new campers accepted.

If you do not have computer access and need assistance applying for camp, please call 973-535-1181 ext. 1292. Someone from the Camp Hope administration team will return your call and assist in completing your application.

Thank you!

Regards,
